  - Any pupil transported to hospital via ambulance must be accompanied by an appropriate adult; this could be a parent/guardian if present, or a member of staff.
- *If possible, note down for hospital (Medical Centre & Reception to assist):*
  - *child's full name and date of birth plus address*
  - *G.P. and parent contact information*
  - *any known medical conditions and any medication given at school.*
- The Deputy Head should be contacted in the case of transfer to hospital and parents/guardians will be informed by the Medical Centre or a member of SLT
- Once the casualty has been taken off site, an accident report should be completed.

This procedure applies to any person who is taken ill or has an accident on school premises.

**Defibrillators are located outside the Jubilee Theatre and on the external rear Mansion House wall by the dining hall overlooking the South Lawn.**

## OUT OF HOURS

If an ambulance is required between the hours of 18.00 and 08.00, security should be contacted on 07856 688131 to direct the emergency services. The medical team and SLT should be contacted as soon as possible in the morning to follow up. An accident report must be completed once the casualty has left the premises.

## MINOR INJURIES AND ILLNESS

Any minor injuries can be sent directly to the Medical Centre for treatment.

## PRE-PREP AND NURSERY (EYFS)

Minor cuts and grazes can be treated in the Pre-Prep by those named with first aid training.

Any injury in EYFS children deemed to be more than minor, and all symptomatic head injuries should be referred to the medical centre.

Parents will be advised by Pre-Prep or Nursery staff of any accident or injury/illness and any first aid treatment administered.

An accident form will be sent home to parents of all EYFS children involved in an accident.

## PREP SCHOOL

Accidents in Prep School children are documented by the medical staff and parents will be informed of any incidents that require anything more than minor intervention.

Any child who exhibits any of the following, must be referred to the Medical Centre (ext. 229/331) for assessment:

- Severe headache/drowsiness/vomiting
- Bumps to the head (other than minor)
- Severe or prolonged abdominal pain
- Significant bruising to face/body
- Breathing difficulties –rapid/noisy/wheezy
- Excessive pallor
- Large or deep cuts/grazes

## HEAD INJURIES

Any child who has sustained an injury to their head or face (other than very minor bumps) should be accompanied to the medical centre or the medical staff should be sent for. **This protocol should be followed in all cases of suspected head injury.**
